

This year, the Hanseatic City of Lübeck again will be characterized by its origin: the inauguration of the world largest hanseatic museum of the Hansa. Moreover, sport in this town is going to be high profiled. We are happy to invite you to this highlight – taking place on **October, 18th 2015**:

8th Stadtwerke Lübeck Marathon

At this event over 3,000 athletes from all over Europe compete at a marathon, half marathon, relay marathon, 10km fun run and a family- and students run.

Furthermore, these competitions will be completed by the

2th Cup of the Hanseatic Cities

for
marathon and half marathon

We would like to invite all 185 Hanseatic Cities from all over the world. Let your runners be part of it and come to the Hanseatic City of Lübeck on October, 18th 2015. Participate with your cities' representatives in creating a new, unique 'contest' under the motto of sportsmanship. We will be rewarding the city, which will achieve the fastest team-time (all single times of the best 4 runners together) at the categories marathon and half marathon.

For more information, please feel free to check out www.stadtwerke-luebeck-marathon.de (application forms can be found here).
